

# EYE ON SAFETY

March 2024 Recap

All Safety Field Reporting Information must be submitted to Sue at the end of the month for consideration in the newsletter

MONTHLY SAFETY STATEMENT: "SAFETY IS THE FOUNDATION THAT HOLDS A CONSTRUCTION PROJECT TOGETHER."

## SORT Your Way to a Safer Work Environment

S  
O  
R  
T

**STOP** and take the time to evaluate your work environment and work task.

**OBSERVE** your work environment- Have all hazards been addressed?

**RECOGNIZE** any unaddressed hazards in your work environment.

**TAKE OWNERSHIP** of unaddressed hazards in your work environment and follow through to see that they are corrected.

### HOW TO AVOID THE FATAL FOUR

THE FATAL FOUR INJURIES WERE RESPONSIBLE FOR 57% OF CONSTRUCTION RELATED DEATHS IN 2013

**Falls**

1. Wear proper PPE (safety harness.)
2. Use three points of contact while climbing a ladder.
3. Do not over reach, move the ladder for better access.
4. Stay behind safety barriers and away from edges.

**Struck by Objects**

1. Be cognizant of your surroundings.
2. Wear all PPE (hard hat, safety glasses work boots, etc.)
3. Do not cross danger (red) or caution (yellow) tape without approval.

**Caught Between Objects**

1. Keep your fingers and other body parts out of pinch points.
2. Assess your work area and notify management of unsafe conditions.
3. Don't get in a hurry and forget common sense.

**Electrocutions**

1. Use proper lock-out-tag-out procedures.
2. Do not work in standing water.
3. Assess your work area and notify management of unsafe conditions.
